Re: PROJECT REPORT:
NOME-BELTZ JR./SR. HIGH BUILDINGS D & E ROOF REPLACEMENT

Project Status / Update

Mr. Wehde and Steve Cropsey attended the Nome City Council Meeting, December 14, 2009. The project plans and specifications were presented the City, for approval, pursuant to the agreement which exists between the City and the School District. The City Council unanimously approved the Plans and Specifications and the project is now out for bid by General Contractors. The bid due date is January 28, 2010 @ 2:00 PM.

The bids will be opened and publically read in at Attorney, Saul Friedman's Office. Assuming the low bid is in order and within the available budget for the project a Notice of Intent To Award will be issued allowing for a 10 day protest period as required by Alaska Statute prior to the Board of Education's meeting of February 9th. Assuming there is no protest of award the Board of Education will be presented with the results of the bid process along with a request to award the construction contract to the low bidder.

The final estimate prepared by Estimations Inc. is \$1,626,907 for the re-roof of building D. This is the base bid item which is \$122,465 under the Construction Cost provided within the Project Agreement with the State of Alaska. This also does not include the contingency also provided in the Agreement of \$87,033.

A copy of the Invitation to Bid is attached herewith for your information.

Respectfully

Steve Cropsey, OCR / PM
